

EXCLUSIVE RIGHT TO REPRESENT BUYER AGREEMENT

This Exclusive Right to Represent Buyer Agreement (“Agreement”) is made on _____ (Date)
by and between Suresh Sapkota

____ (“Buyer”) and (Insert Firm Name) _____
 _____ (“Broker”).

1. **APPOINTMENT OF BROKER.** In consideration of services and facilities, Broker is hereby granted the right to represent Buyer in the acquisition of real property.
2. **BUYER'S REPRESENTATIONS.** Buyer represents that as of the commencement date of Agreement, Buyer is not a party to a buyer representation agreement with any other brokerage firm for real property in Virginia. Buyer further represents that Buyer has disclosed to Broker information about any properties that Buyer has previously visited at any new homes communities or resale open houses, or that Buyer has been shown by any other real estate sales associate(s) in any area where Buyer seeks to acquire property under Agreement.
3. **PURPOSE.** Buyer is retaining Broker to acquire the following type of property in Virginia:

- 4. NOTICES.** All notifications and amendments under Agreement will be in writing and will be delivered using the contact information below.

Buyer

Email:

- 5. TERM AND TERMINATION.** Agreement commences when signed and, subject to the COMPENSATION paragraph, expires at 11:59 p.m. on _____ (“Expiration Date”) (if left blank, Agreement automatically terminates 90 days after Agreement Date). If a sales contract for Property is ratified during the term of Agreement which provides for a settlement date beyond the term of Agreement, Agreement will be extended automatically until final disposition of the sales contract. In the event Buyer wishes to terminate Agreement prior to the Expiration Date, Buyer will deliver written notice to terminate the Agency Relationship between the Parties. The Parties will then execute a Release of Brokerage Representation Agreement to terminate the Brokerage Relationship between the Parties. Should termination be without good cause, Buyer will pay Broker \$ _____ as an early termination fee prior to executing the Release of Brokerage Representation Agreement, in addition to any compensation otherwise due pursuant to Agreement.
- 6. BROKER’S DUTIES.** Broker will promote the interests of Buyer by: (a) performing the terms of the brokerage agreement; (b) seeking a property at a price and terms acceptable to Buyer; (c) presenting in a timely manner all written offers or counteroffers to and from Buyer; (d) disclosing to Buyer all material facts related to the property or concerning the transaction of which they have actual knowledge; (e) accounting for in a timely manner all money and property received in which

Buyer has or may have an interest. Unless otherwise provided by law or Buyer consents in writing to the release of the information, Broker will maintain the confidentiality of all personal and financial information and other matters identified as confidential by Buyer, if that information is received from Buyer during the brokerage relationship. In satisfying these duties, Broker will exercise ordinary care, comply with all applicable laws and regulations, treat all prospective sellers honestly and not knowingly give them false information. In addition, Broker may: show the same property to other buyers; represent other buyers on the same or different properties; represent sellers relative to other properties; or provide assistance to a seller or prospective seller by performing ministerial acts that are not inconsistent with Broker's duties under Agreement. Buyer acknowledges that seller or seller's representative may not treat the existence, terms, or conditions of offers as confidential unless confidentiality is required by a written confidentiality agreement between the parties.

- 7. BUYER'S DUTIES.** Buyer will: (a) work exclusively with Broker during the term of Agreement; (b) pay Broker, directly or indirectly, the compensation set forth below; (c) timely comply with the reasonable requests of Broker to supply any pertinent financial or personal data needed to fulfill the terms of Agreement; (d) cooperate with Broker and facilitate Broker's duties, including, but not limited to, being available during Broker's regular working hours to view properties; and (e) comply with local, state, and federal law(s) pertaining to this transaction.

Buyer is advised against and assumes responsibility for taking, posting, publishing or displaying any photo or video recording of any property without first obtaining seller's prior written consent. Buyer hereby releases and holds harmless Broker, Broker's designated agents, sales associates and employees from any liability which may result therefrom. Buyer also acknowledges that seller may have a video and/or audio recording system in the property, even if prior disclosure is not made.

8. COMPENSATION.

BROKER COMPENSATION IS FULLY NEGOTIABLE AND IS NOT FIXED, CONTROLLED, RECOMMENDED, OR SUGGESTED BY LAW OR ANY MULTIPLE LISTING SERVICE OR ASSOCIATION OF REALTORS®.

A. Buyer's Broker Compensation. Buyer will pay Broker an amount of ☐ _____% of gross sales price **OR** ☐ \$ _____ ("Broker Compensation") if Buyer enters into a contract to acquire any real property during the term of Agreement and goes to settlement on that contract any time thereafter. Buyer is responsible for payment of Broker Compensation at settlement. **If Broker receives any compensation from seller or seller's representative for services covered by Agreement, that amount will be credited toward Buyer's obligation to pay Broker Compensation.**

Broker Compensation will also be earned, due and payable by Buyer under either of the following circumstances:

1. If, within _____ days after expiration or Buyer's early termination of Agreement, Buyer enters into a contract to acquire any real property of the type discussed in the PURPOSE paragraph, unless Buyer has entered into a subsequent Buyer Broker Agreement with another real estate broker; **OR**
2. If, having entered into an enforceable contract to acquire real property during the term of Agreement, Buyer defaults under the terms of that contract.

Any obligation incurred under Agreement on the part of Buyer to pay Broker Compensation will survive the term of Agreement.

B. ☐ Retainer Fee. Broker acknowledges receipt of a retainer fee in the amount of \$ _____ which ☐ will OR ☐ will not be subtracted from any compensation due Broker under Agreement. The retainer fee is non-refundable and is earned when paid.

C. ☐ Broker Service Fee. Buyer will pay Broker an additional flat fee of \$ _____ as Broker Service Fee.

D. Property Types. Buyer agrees to the terms of this paragraph when entering into any contract for any type of real property, including but not limited to new home construction, off-market listings, properties for sale by owners, and the like.

E. Retention of Excess Compensation. Broker may not receive any compensation, including fees, which exceeds the amounts set forth in Agreement.

9. RELOCATION PROGRAM Buyer is participating in relocation program ☐ Yes OR ☐ No.

If "Yes": (a) the program is named: _____, Contact Name: _____ Contact Information: _____ and (b) terms of the program are: _____

If "No" or Buyer has failed to list a specific relocation program, then Broker will have no obligation to cooperate with or compensate any undisclosed program.

10. TYPES OF REAL ESTATE REPRESENTATION - DISCLOSURE & INFORMED CONSENT

Seller representation occurs when sellers contract to use the services of their own broker (known as a listing agent) to act on their behalf.

Buyer representation occurs by virtue of Agreement. (Note: Broker may assist a seller or prospective seller by performing ministerial acts that are not inconsistent with Broker's duties as Buyer's agent under Agreement.)

Designated representation occurs when a buyer and seller in one transaction are represented by different sales associate(s) affiliated with the same broker. Each of these sales associates, known as a designated representative, represents fully the interests of a different client in the same transaction. Designated representatives are not dual representatives if each represents only the buyer or only the seller in a specific real estate transaction. In the event of designated representatives, each representative will be bound by client confidentiality requirements, set forth in the BROKER'S DUTIES paragraph. The broker remains a dual representative.

☐ Buyer **does not consent** to designated representation thus Buyer does not allow Broker to show properties owned by a seller represented by this Broker through another designated representative associated with the firm. **OR**

☐ Buyer **consents** to designated representation and the Buyer allows Broker to show properties owned by a seller represented by this Broker through another designated representative associated with the firm.

Dual representation occurs when the same Broker and the same sales associate represent both the buyer and seller in one transaction. In the event of dual representation, Broker will be bound by confidentiality requirements for each client, set forth in the BROKER'S DUTIES paragraph.

☐ Buyer **does not consent** to dual representation thus Buyer does not allow Broker to show properties owned by a seller represented by this Broker through the same representative **OR**

☐ Buyer **consents** to dual representation and thus Buyer allows Broker to show properties owned by a seller represented by this Broker through the same representative.

An additional disclosure is required before designated or dual representation is to occur for a specific transaction.

11. COMPLIANCE WITH FAIR HOUSING LAWS. Property will be shown and made available without regard to race, color, religion, sex, handicap, familial status or national origin as well as all classes protected by the laws of the United States, the Commonwealth of Virginia and applicable local jurisdictions, or by the REALTOR® Code of Ethics.

12. BUYER DEFAULT.

A. Buyer Default. In the event of Buyer breach as set forth herein, such shall constitute Buyer default and will serve as good cause for Broker to terminate Agreement. Upon such breach, Broker may, at Broker's option, provide Buyer a Notice to Terminate Brokerage Representation Agreement. Upon Delivery of Notice, the Agency Relationship between the Parties will cease. Both parties will subsequently and immediately execute a Release of Brokerage Representation to terminate the Brokerage Relationship between the Parties and all respective rights and obligations of the Parties arising under Agreement will terminate, exclusive of Broker's duties in this Paragraph. If the Buyer refuses to execute the Release when requested to do so in writing and a court finds that Buyer should have executed the Release, Buyer will pay the expenses, including, without limitation, reasonable attorney's fees and costs, incurred by Broker in any litigation regarding this matter.

B. Broker Duties Upon Termination. In the event Broker terminates Agreement prior to the expiration of Agreement, Broker will promptly deliver to Buyer copies of all contracts and other instruments entered into on behalf of Buyer. Broker may retain copies of such contracts and instruments for Broker's records.

13. ATTORNEYS' FEES. If any Party breaches Agreement and a non-breaching Party retains legal counsel to enforce its rights hereunder, the non-breaching Party will be entitled to recover against the breaching Party, in addition to any other damages recoverable against any breaching Party, all of its reasonable Legal Expenses incurred in enforcing its right under Agreement, whether or not suit is filed, and in obtaining, enforcing and/or defending any judgment related thereto. Should any tribunal of competent jurisdiction determine that more than one Party to the dispute has breached Agreement, then all such breaching Parties will bear their own costs, unless the tribunal determines that one or more of the Parties is a "Substantially Prevailing Party", in which case any such Substantially Prevailing Party will be entitled to recover from any of the breaching Parties, in addition to any other damages recoverable against any breaching Party, all of its reasonable Legal Expenses incurred in enforcing its rights under Agreement, whether or not suit is filed, and in obtaining, enforcing and/or defending any judgment related thereto. "Party" as used in this paragraph includes any third party beneficiary identified herein. "Legal Expenses" as used in this paragraph includes attorney fees, court costs, and litigation expenses, if any, including, but not limited to, expert witness fees and court reporter fees.

14. The Buyer ☐ **does** OR ☐ **does not** hold an active or inactive real estate license.

15. DEFINITIONS.

A. "Agency Relationship" means the relationship in which a real estate licensee acts for or represents a person as an agent by such person's express authority in a real estate transaction.

B. "Brokerage Relationship" means the contractual relationship between a client and a real estate licensee based on the terms, provisions, conditions, duties, and responsibilities of this Agreement.

16. DISCLAIMERS.

A. Professional Services Buyer acknowledges that Broker is being retained solely as a real estate agent and not as an attorney, tax advisor, lender, appraiser, surveyor, structural engineer, mold or air quality expert, home inspector, solar panel expert, or other professional service provider. Broker can counsel on real estate matters, but if Buyer desires legal advice, Buyer is advised to seek legal counsel. Buyer is advised to seek appropriate professional advice concerning the Property condition, financing, tax, title insurance, property insurance and legal matters.

B. Megan's Law Buyer should exercise whatever due diligence Buyer deems necessary with respect to information on any sexual offenders registered under Chapter 9 of Title 9.1 of the Code of Virginia. Such information may be obtained by contacting the local police department or the Department of State Police, Central Criminal Records Exchange, at (804)674-2000 or <https://www.vspso.com/>.

C. Wire Fraud Buyer should never transmit nonpublic personal information, such as credit or debit card, bank account or routing numbers, by email or other unsecured electronic communication. There are numerous e-mail phishing scams that involve fraudulent requests to wire funds in conjunction with a real estate transaction. If Buyer receives any electronic communication directing the transfer of funds or to provide nonpublic personal information, even if that electronic communication appears to be from a representative of Broker, do not respond. Such requests, even if they may otherwise appear to be from Broker, could be part of a scheme to defraud Buyer by misdirecting the transfer of funds or using Buyer's identity to commit a crime. If Buyer should receive wiring instructions via electronic means that appear to be from a legitimate source involved in Buyer's real estate transaction, Buyer should verify - using contact information other than that provided in the communication - that the instructions were sent by an actual representative of the requesting company. Conversely, if Buyer has provided wiring instructions to a third party, it is important to confirm with the representative of said company that the wire instructions are not to be substituted without Buyer's verified written consent. When wiring funds, never rely exclusively on an e-mail, fax or text communication.

D. Service Provider Referrals. Broker or one of Broker's sales associates may refer a service provider to assist Buyer in this transaction. This referral is not an endorsement, guarantee or warranty as to the quality, cost and/or timeliness of the services to be provided. Buyer is advised to independently investigate all options for service providers and consider whether any service provider will work effectively with Buyer. Buyer is free to reject any referred service provider for any or no reason.

17. MISCELLANEOUS. Agreement, any exhibits and any addenda signed by the parties constitute the entire agreement between the parties and supersede any other written or oral agreements between the parties. Agreement can only be modified in writing when signed by both parties. The laws of Virginia will govern the validity, interpretation and enforcement of the Agreement, without regard to the application of conflict of laws.

18. SEVERABILITY. In the event any provision in Agreement is determined to be unenforceable, the remaining terms and provisions of Agreement shall not in any way be affected, impaired, or invalidated thereby.

19. OTHER PROVISIONS _____

(NOTE: Buyer should consult with Buyer Agent before visiting any resale or new homes or contacting any other Real Estate Agents representing sellers, to avoid the possibility of confusion over the brokerage relationship and misunderstandings about liability for compensation.)

FEDERAL LEADBASED PAINT DISCLOSURE LAW AND REGULATIONS:
INFORMATION FOR OWNERS OF RESIDENTIAL PROPERTY

Note: 42 U.S.C 4852d exempts from the disclosure requirements for lead-based paint certain transfers of residential property constructed before 1978. The exceptions are: property leased for 100 days or less with no possibility of renewal or extension; re-lease or renewal of a lease for the same property to the same tenant, where the landlord previously complied with the law's disclosures and has no new information about lead-based paint; housing for the elderly or disabled; foreclosure sales; property where there is no separate bedroom; and property that has been certified as lead-paint free under the law. All other residential properties constructed before 1978 are "target housing" subject to the law and regulations, and their owners must be informed of the following.

§35.88 Disclosure requirements for sellers and lessors.

(a) The following activities shall be completed before the purchaser or lessee is obligated under any contract to purchase or lease target housing that is not otherwise an exempt transaction pursuant to §35.82. Nothing in this section implies a positive obligation on the seller or lessor to conduct any evaluation or reduction activities. (1) The seller or lessor shall provide the purchaser or lessee with an EPA-approved lead hazard information pamphlet. Such pamphlets include the EPA document entitled Protect Your Family From Lead in Your Home (EPA #747-K-94-001) or an equivalent pamphlet that has been approved for use in that State by EPA. (2) The seller or lessor shall disclose to the purchaser or lessee the presence of any known lead-based paint and/or lead-based paint hazards in the target housing being sold or leased. The seller or lessor shall also disclose any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (3) The seller or lessor shall disclose to each agent the presence of any known lead-based paint and/or lead-based paint hazards in the target housing being sold or leased and the existence of any available records or reports pertaining to lead-based paint and/or lead-based paint hazards. The seller or lessor shall also disclose any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (4) The seller or lessor shall provide the purchaser or lessee with any records or reports available to the seller or lessor pertaining to lead-based paint and/or lead-based paint hazards in the target housing being sold or leased. This requirement includes records and reports regarding common areas. This requirement also includes records and reports regarding other residential dwellings in multifamily target housing, provided that such information is part of an evaluation or reduction of lead-based paint and/or lead-based paint hazards in the target housing as a whole.

(b) If any of the disclosure activities identified in paragraph (a) of this section occurs after the purchaser or lessee has provided an offer to purchase or lease the housing, the seller or lessor shall complete the required disclosure activities prior to accepting the purchaser's or lessee's offer and allow the purchaser or lessee an opportunity to review the information and possibly amend the offer.

§35.90 Opportunity to conduct an evaluation.

(a) Before a purchaser is obligated under any contract to purchase target housing, the seller shall permit the purchaser a 10-day period (unless the parties mutually agree, in writing, upon a different period of time) to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards.

(b) Notwithstanding paragraph (a) of this section, a purchaser may waive the opportunity to conduct the risk assessment or inspection by so indicating in writing.

§35.92 Certification and acknowledgment of disclosure.

(a) Seller requirements. Each contract to sell target housing shall include an attachment containing the following elements, in the language of the contract (e.g., English, Spanish): (1) A Lead Warning Statement consisting of the following language:

Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

(2) A statement by the seller disclosing the presence of known lead-based paint and/or lead-based paint hazards in the target housing being sold or indicating no knowledge of the presence of lead-based paint and/or lead-based paint hazards. The seller shall also provide any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (3) A list of any records or reports available to the seller pertaining to lead-based paint and/or lead-based paint hazards in the housing that have been provided to the purchaser. If no such records or reports are available, the seller shall so indicate. (4) A statement by the purchaser affirming receipt of the information set out in such paragraphs (a)(2) and (a)(3) of this section and the lead hazard information pamphlet required under section 15 U.S.C. 2696. (5) A statement by the purchaser that he/she has either: (i) Received the opportunity to conduct the risk assessment or inspection required by §35.90(a); or (ii) Waived the opportunity. (6)When any agent is involved in the transaction to sell target housing on behalf of the seller, a statement that: (i) The agent has informed the seller of the seller's obligations under 42 U.S.C. 4852d; and (ii)The agent is aware of his/her duty to ensure compliance with the requirements of this subpart. (7) The signatures of the sellers, agents, and purchasers, certifying to the accuracy of their statements, to the best of their knowledge, along with the dates of signature.

(b)Lessor requirements. Each contract to lease target housing shall include, as an attachment or within the contract, the following elements, in the language of the contract (e.g., English, Spanish): (1) A Lead Warning Statement with the following language:

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, lessors must disclose the presence of lead-based paint and/or lead-based paint hazards in the dwelling. Lessees must also receive a federally approved pamphlet on lead poisoning prevention.

(2) A statement by the lessor disclosing the presence of known lead-based paint and/or lead-based paint hazards in the target housing being leased or indicating no knowledge of the presence of lead-based paint and/or lead-based paint hazards. The lessor shall also disclose any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist in the housing, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (3) A list of any records or reports available to the lessor pertaining to lead-based paint and/or lead-based paint hazards in the housing that have been provided to the lessee. If no such records or reports are available, the lessor shall so indicate. (4) A statement by the lessee affirming receipt of the information set out in paragraphs (b)(2) and (b)(3) of this section and the lead hazard information pamphlet required under 15 U.S.C. 2696. (5)When any agent is involved in the transaction to lease target housing on behalf of the lessor, a statement that : (i) The agent has informed the lessor of the lessor's obligations under 42 U.S.C. 4852d; and (ii) The agent is aware of his/her duty to ensure compliance with the requirements of this subpart. (6) The signatures of the lessors, agents, and lessees certifying to the accuracy of their statements to the best of their knowledge, along with the dates of signature.

(c) Retention of certification and acknowledgment information. (1) The seller, and any agent, shall retain a copy of the completed attachment required under paragraph (a) of this section for no less than 3 years from the completion date of the sale. The lessor, and any agent, shall retain a copy of the completed attachment or lease contract containing the information required under paragraph (b) of this section for no less than 3 years from the commencement of the leasing period. (2) This recordkeeping requirement is not intended to place any limitations on civil suits under the Act, or to otherwise affect a lessee's or purchaser's rights under the civil penalty provisions of 42 U.S.C. 4852d(b)(3).

(d) The seller, lessor, or agent shall not be responsible for the failure of a purchaser's or lessee's legal representative (where such representative receives all compensation from the purchaser or lessee) to transmit disclosure materials to the purchaser or lessee, provided that all required parties have completed and signed the necessary certification and acknowledgment language required under paragraphs (a) and (b) of this section.

and Urban Development

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- How lead affects health
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint or lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at [epa.gov/lead](https://www.epa.gov/lead).
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods high in iron, calcium, and vitamin C.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention-deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at [epa.gov/lead](https://www.epa.gov/lead).

¹ “Lead-based paint” is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm²), or more than 0.5% by weight.

² “Lead-containing paint” is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorated lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 10 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 100 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:
 - Portable x-ray fluorescence (XRF) machine
 - Lab tests of paint samples
- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:
 - Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
 - Sample dust near painted surfaces and sample bare soil in the yard
 - Get lab tests of paint, dust, and soil samples
- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

³ Hearing- or speech-challenged individuals may access this number through TTY by calling the Federal Relay Service at 1-800-877-8339.

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children eat nutritious, low-fat meals high in iron, and calcium, such as spinach and dairy products. Children with good diets absorb less lead.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead-safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement contractor. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 10 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors
- 100 $\mu\text{g}/\text{ft}^2$ for interior windows sills
- 400 $\mu\text{g}/\text{ft}^2$ for window troughs

Abatements are designed to permanently eliminate lead-based paint hazards. However, lead dust can be reintroduced into an abated area.

- Use a HEPA vacuum on all furniture and other items returned to the area, to reduce the potential for reintroducing lead dust.
- Regularly clean floors, window sills, troughs, and other hard surfaces with a damp cloth or sponge and a general all-purpose cleaner.

Please see page 9 for more information on steps you can take to protect your home after the abatement. For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 15 and 16), [epa.gov/lead](https://www.epa.gov/lead), or call 1-800-424-LEAD.

Renovating, Repairing or Painting a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
 - Open-flame burning or torching
 - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment
 - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects, visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right*.

Other Sources of Lead

Lead in Drinking Water

The most common sources of lead in drinking water are lead pipes, faucets, and fixtures.

Lead pipes are more likely to be found in older cities and homes built before 1986.

You can't smell or taste lead in drinking water.

To find out for certain if you have lead in drinking water, have your water tested.

Remember older homes with a private well can also have plumbing materials that contain lead.

Important Steps You Can Take to Reduce Lead in Drinking Water

- Use only cold water for drinking, cooking and making baby formula. Remember, boiling water does not remove lead from water.
- Before drinking, flush your home's pipes by running the tap, taking a shower, doing laundry, or doing a load of dishes.
- Regularly clean your faucet's screen (also known as an aerator).
- If you use a filter certified to remove lead, don't forget to read the directions to learn when to change the cartridge. Using a filter after it has expired can make it less effective at removing lead.

Contact your water company to determine if the pipe that connects your home to the water main (called a service line) is made from lead. Your area's water company can also provide information about the lead levels in your system's drinking water.

For more information about lead in drinking water, please contact EPA's Safe Drinking Water Hotline at 1-800-426-4791. If you have other questions about lead poisoning prevention, call 1-800 424-LEAD.*

Call your local health department or water company to find out about testing your water, or visit [epa.gov/safewater](https://www.epa.gov/safewater) for EPA's lead in drinking water information. Some states or utilities offer programs to pay for water testing for residents. Contact your state or local water company to learn more.

* Hearing- or speech-challenged individuals may access this number through TTY by calling the Federal Relay Service at 1-800-877-8339.

Other Sources of Lead, continued

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.⁴
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery or porcelain** may contain lead.
- Folk remedies, such as "**greta**" and "**azarcon**," used to treat an upset stomach.

⁴ In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint. In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products.

For More Information

The National Lead Information Center

Learn how to protect children from lead poisoning and get other information about lead hazards on the Web at epa.gov/lead and hud.gov/lead, or call **1-800-424-LEAD (5323)**.

EPA's Safe Drinking Water Hotline

For information about lead in drinking water, call **1-800-426-4791**, or visit epa.gov/safewater for information about lead in drinking water.

Consumer Product Safety Commission (CPSC) Hotline

For information on lead in toys and other consumer products, or to report an unsafe consumer product or a product-related injury, call **1-800-638-2772**, or visit CPSC's website at cpsc.gov or saferproducts.gov.

State and Local Health and Environmental Agencies

Some states, tribes, and cities have their own rules related to lead-based paint. Check with your local agency to see which laws apply to you. Most agencies can also provide information on finding a lead abatement firm in your area, and on possible sources of financial aid for reducing lead hazards. Receive up-to-date address and phone information for your state or local contacts on the Web at epa.gov/lead, or contact the National Lead Information Center at **1-800-424-LEAD**.

Hearing- or speech-challenged individuals may access any of the phone numbers in this brochure through TTY by calling the toll-free Federal Relay Service at **1-800-877-8339**.

U. S. Environmental Protection Agency (EPA) Regional Offices

This document is in the public domain. It may be produced by an individual or organization without permission. Information provided in this booklet is based upon current scientific and technical understanding of the issues presented and is reflective of the jurisdictional boundaries established by the statutes governing the co-authoring agencies. Following the advice given will not necessarily provide complete protection in all situations or against all health hazards that can be caused by lead exposure.

IMPORTANT!

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

- Children under 6 years old are most at risk for lead poisoning in your home.
- Lead exposure can harm young children and babies even before they are born.
- Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.
- Even children who seem healthy may have dangerous levels of lead in their bodies.
- Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.
- People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

UNDERSTANDING YOUR RIGHTS UNDER THE RESALE DISCLOSURE ACT

1. RESALE CERTIFICATE.

- A.** The Virginia Resale Disclosure Act, §55.1-2307, *et seq.*, of the Code of Virginia, 1950, as amended (the “Act”), requires the owner, or the owner’s agent, selling a lot or unit located within a development that is subject to the Virginia Property Owners’ Association Act (§55.1-1800, *et seq.*) or the Virginia Condominium Act (§55.1-1900, *et seq.*) to obtain from the association a resale certificate in conformity with the provisions of §55.1-2310 (“Resale Certificate”) and provide it to the buyer, or to the buyer’s agent.
- B.** The Resale Certificate must include the completed resale certificate form pursuant to §54.1-2350(3) along with the following supporting documentation:
 - 1.** The name, address, and phone numbers of the preparer of the Resale Certificate and any managing agent of the association;
 - 2.** A copy of the governing documents and any rules and regulations of the association;
 - 3.** A statement disclosing any restraint on the alienability of the unit for which the Resale Certificate is being issued;
 - 4.** A statement of the amount and payment schedules of assessments and any unpaid assessments currently due and payable to the association;
 - 5.** A statement of any other fees due and payable by an owner of the unit;
 - 6.** A statement of whether there is any other entity or facility to which the unit owner may be liable for assessments, fees, or other charges due to the ownership of the unit;
 - 7.** A statement of the amount and payment schedule of any approved additional or special assessment or any unpaid additional or special assessment currently due and payable;
 - 8.** A statement of any capital expenditures approved by the association for the current and succeeding fiscal years;
 - 9.** A statement of the amount of any reserves for capital expenditures and of any portions of those reserves designated by the association for any specified projects;
 - 10.** The most recent balance sheet and income and expense statement, if any, of the association;
 - 11.** The current operating budget of the association;
 - 12.** The current reserve study; or a summary of such study;
 - 13.** A statement of any unsatisfied judgments against the association and the nature and status of any pending actions in which the association is a party and that could have a material impact on the association, the owners, or the unit being sold;
 - 14.** A statement describing any insurance coverage provided by the association for the benefit of the owners, including fidelity coverage, and any insurance coverage recommended or required to be obtained by the owners;
 - 15.** A statement as to whether the board has given or received written notice that any existing uses, occupancies, alterations, or improvements in or to the unit being sold or to the limited elements assigned thereto violate any provision of the governing documents or rules and regulations together with copies of any notices provided;
 - 16.** A statement as to whether the board has received written notice from a governmental agency

of any violation of environmental, health, or building codes with respect to the unit being sold, the limited elements assigned thereto, or any other portion of the common interest community that has not been cured;

17. A copy of any approved minutes of meetings of the board held during the last six months;
18. A copy of any approved or draft minutes of the most recent association meeting;
19. A statement of the remaining term of any leasehold estate affecting a common area or a common element, as those terms are defined in §§ 55.1-1800, 55.1-1900, and 55.1-2100, in the common interest community and the provisions governing any extension or renewal of such leasehold;
20. A statement of any limitation in the governing documents on the number or age of persons who may occupy a unit as a dwelling;
21. A statement setting forth any restriction, limitation, or prohibition on the right of an owner to display the flag of the United States, including but not limited to reasonable restrictions as to the size, time, place, and manner of placement or display of such flag.
22. A statement setting forth any restriction, limitation, or prohibition on the right of an owner to install or use solar energy collection devices on the owner's unit or limited element;
23. A statement setting forth any restriction, limitation, or prohibition on the size, placement, or duration of display of political, for sale, or any other signs on the property;
24. A statement identifying any parking or vehicle restriction, limitation, or prohibition in the governing documents or rules and regulations;
25. A statement setting forth any restriction, limitation, or prohibition on the operation of a home-based business that otherwise complies with all applicable local ordinances;
26. A statement setting forth any restriction, limitation, or prohibition on an owner's ability to rent the unit;
27. In a cooperative, a statement setting forth whether the cooperative association is aware of any statute, regulation, or rule applicable to the cooperative that would affect an owner's ability to deduct real estate taxes and interest paid by the cooperative association for federal income tax purposes;
28. A statement describing any pending sale or encumbrance of the common elements;
29. A statement indicating any known project approvals currently in effect issued by secondary mortgage market agencies; and
30. Certification that the association has filed with the Common Interest Community Board ("CICB") the annual report required by law, which certification shall indicate the filing number assigned by the CICB, and the expiration date of such filing.

2. BUYER'S RIGHT OF CANCELLATION.

- A. The information contained in Resale Certificate shall be current as of a date specified therein. Buyer, or Buyer's agent, may request an update of such Resale Certificate or financial update. However, the request or receipt of an updated Resale Certificate Packet will not extend Buyer's right of cancellation provided for under the Act. Buyer's right of cancellation begins upon Seller delivery to Buyer of Resale Certificate, including a Resale Certificate that is not in conformity with the provisions of the Act, or Seller delivery to Buyer of notice that Resale Certificate will

not be available. The parties may extend Buyer's right of cancellation to the extent permitted by the Act by ratifying *Extension of Review Period For Resale Certificate Addendum* or other comparable addendum. Any rights of Buyer to cancel the contract are waived conclusively if not exercised within the right of cancellation period or prior to Settlement. The failure to receive Resale Certificate shall not excuse any failure to comply with the provisions of the declaration, articles of incorporation, bylaws, or rules or regulations.

B. Buyer may cancel the Contract without penalty:

1. Within a time period agreed upon by all parties in a ratified sales contract, after the date of the contract, if on or before the date that Buyer signs the contract, Buyer receives Resale Certificate, is notified that Resale Certificate will not be available, or receives Resale Certificate Packet not in conformity with the provisions of the Act. If no time period is specified, Buyer will have three (3) days from the date of ratification to cancel the contract; **OR**
2. Within a time period agreed upon by all parties in a ratified real estate contract, after receiving Resale Certificate, notice that Resale Certificate will not be available, or a Resale Certificate that is not in conformity with the provisions of the Act, which was delivered pursuant to the Seller's request. If no time period is specified, Buyer will have three (3) days from receipt of Resale Certificate or Notice that Resale Certificate is unavailable to cancel the contract; **OR**
3. At any time prior to settlement if Buyer has not been Notified that Resale Certificate will not be available, and Resale Certificate is not Delivered to the Buyer.

C. Written Notice of cancellation shall be provided to Seller in accordance with the terms of the contract. In the event of a dispute, the sender shall have the burden to demonstrate delivery of the notice of cancellation.

Broker can counsel Buyer on real estate matters, but if legal advice is desired with respect to the contents of the Resale Certificate, Buyer is advised to seek legal counsel.

USEFUL INFORMATION ABOUT REAL ESTATE TRANSACTIONS

REALTORS® are real estate licensees who, as members of the National Association of REALTORS® as well as the state and local Associations of REALTORS®, have pledged to the public and to each other that they will adhere to a strict code of ethics and high standards of professionalism, integrity and competence. REALTORS® are providing you with this information in order to assist you in making informed decisions when purchasing, selling or optioning real estate.

SERVICES Regardless of whom they represent, REALTORS® can provide a variety of information and assistance to all parties in a real estate transaction. For example, REALTORS® can assist customers by performing ministerial acts such as supplying information about available properties and sources of financing, describing and showing properties, assisting in preparing and submitting purchase offers or counteroffers, or providing information about settlement procedures. REALTORS® acting as standard agents are required by Virginia law and by their Code of Ethics to treat all parties honestly and not knowingly give them false information, promptly present all written offers and counteroffers, disclose any adverse material facts actually known to them concerning the physical condition of a property, and offer properties without regard to race, color, religion, sex, handicap, familial status, elderliness, sexual orientation, national origin, or gender identity as well as any other classes protected by Virginia and applicable local jurisdiction.

LEGAL REQUIREMENTS Virginia law requires that in order to be enforceable, all contracts for real property must be in writing. There is a recommended contract form that can be shown to you and that may be modified in any way to accommodate the needs of the parties. You have the opportunity to consult legal counsel concerning the contract as well as any other questions you may have about the various laws concerning real estate transfers that are referenced in the suggested contract form.

FINANCING Mortgage rates and associated charges vary with financial institutions and the marketplace. Purchasers have the opportunity to select the lender and to negotiate terms and conditions of the loan. Such terms may be subject to seller's approval and lender's requirements. Borrowers also will be required to obtain a lender's title insurance policy. Purchasers may wish to obtain owner's title insurance coverage and may consult an attorney concerning this choice.

INSURANCE The lender may require purchasers to buy a hazard insurance policy from the insurance company of their choice, subject to the lender's approval. Purchaser should be aware that many factors affect the availability and cost of hazard insurance on the premises. Depending on the insurance company, these factors may include past insurance claims filed on the premises, past insurance claims filed by purchaser, and purchaser's credit history. In addition, flood insurance may be required on the property. Purchaser should contact an insurance agent at the earliest opportunity to arrange for hazard insurance and, if necessary, flood insurance on the property.

PURCHASER AND SELLER DUTIES UNDER FIRPTA Section 1445 of the Internal Revenue Service (IRS) Code (the Foreign Investment in Real Property Tax Act or "FIRPTA") may impose a duty on a purchaser to withhold a percentage (minimum 10%) of the gross sales price when the seller is a "foreign person" for purposes of U.S. income taxation and when the property is located within the United States. A foreign person includes, but is not limited to, nonresident aliens, foreign corporations, foreign partnerships, foreign trusts, and foreign estates.

The seller should inform the purchaser and settlement agent of possible withholding under FIRPTA prior to settlement date. The settlement agent may require the seller and the purchaser to execute certain IRS forms, which may include the seller's and the purchaser's tax identification number (social security number), and submit the required withholding on behalf of the purchaser. Both the seller and the purchaser should seek competent legal, tax, and/or financial advice concerning these matters in advance of the settlement date.

MASTER PLANS Prior to execution of a contract, purchasers may review the applicable Master Plan for the appropriate jurisdiction, including maps showing planned land use and proposed or actual parks, roads, or other facilities. These can be found at the planning offices of various jurisdictions and at some local libraries.

PROPERTY CONDITION AND ENVIRONMENTAL MATTERS Various inspection services and home warranty insurance programs are available, and purchasers have the option to include in their offer to purchase a contingency that allows them to employ one or more experts of their choice at their expense to inspect the property and provide them with an analysis of its condition. Purchasers normally may also conduct a pre-settlement or pre-occupancy "walk-through" inspection of the property, but this inspection may be limited by the terms of the contract. REALTORS® do not have the expertise to advise concerning various conditions including but not limited to: major systems or structures; soil conditions; flood hazard areas; mold or air quality; possible restrictions on the use of the property due to restrictive covenants, zoning, subdivision or environmental laws, easements or other documents; airport or aircraft noise; planned land uses, roads or highways; including but not limited to construction materials and/or hazardous materials such as flame retardant treated plywood (FRT), radon, urea formaldehyde insulation (UFFI), polybutylene pipes, asbestos, synthetic stucco/EIFS, underground storage tanks, defective drywall or lead-based paint. Information about these issues may be obtained from appropriate governmental agencies such as the United States Environmental Protection Agency (EPA), the Virginia Department of Health, or local planning offices or health departments.

HOME ENERGY EFFICIENCY INFORMATION Purchasers may wish to consider the energy efficiency of any new or existing home prior to the conclusion of the sale. Hiring an energy audit professional certified by the Residential Energy Services Network (www.RESNET.us) or the Building Performance Institute (www.BPI.org) to perform an energy audit can be an invaluable step toward helping prospective purchasers understand the energy efficiency level of the home they are considering buying. Energy and water consumption patterns in the home can also add to understanding the efficiency levels of home systems, although personal behaviors must also be considered when evaluating this data.

RESPONSIBILITY Each party to a real estate transaction should carefully read all documents to be sure that the terms accurately express the understanding of the parties as to their intentions and the agreements they have reached. REALTORS® can counsel on real estate matters, but if legal or tax advice is desired, you should consult an attorney or a financial professional. If you have any questions about the roles and responsibilities of REALTORS® or about any other material presented here, please do not hesitate to ask for more information. You should also exercise whatever due diligence you deem necessary with respect to information on any sexual offenders registered under Chapter 23 (§19.2 - 387 et. seq.) of Title 19.2. Such information may be obtained by contacting your local police department or the Department of State Police, Central Criminal Records Exchange at <http://sex-offender.vsp.virginia.gov/sor/>.

TYPES OF REAL ESTATE REPRESENTATION In an individual real estate transaction, if a brokerage firm (“Broker”) has a contractual obligation to represent a buyer or a seller (“Client”), then the Broker shall promote the interest of the Client by exercising ordinary care and by:

- (a) performing the terms of their contractual agreement;
- (b) conducting marketing activities on behalf of the Client as provided in their brokerage agreement;
- (c) assisting the Client in drafting and negotiating offers and counteroffers, amendments, addenda, and in establishing strategies to accomplish the Client’s goals;
- (d) obtaining a transaction at a price and terms acceptable to the Client;
- (e) presenting in a timely manner all written offer or counteroffers to and from the Client;
- (f) disclosing to the Client all material facts related to the property or concerning the transaction of which they have actual knowledge; and
- (g) accounting for, in a timely manner, all money and property received in which the Client has or may have an interest.

Unless otherwise provided by law or the Client consents in writing to the release of information, the Broker shall maintain the confidentiality of all personal and financial information and other matters identified as confidential by the Client, if that information is received from the Client during the brokerage relationship.

In satisfying these duties, the Broker shall exercise ordinary care, comply with all applicable laws and regulations, treat all prospective buyers and sellers honestly and not knowingly give false information, and the Broker representing a buyer shall disclose whether or not the buyer’s intent is to occupy the property as a principal residence. In addition, the Broker may show the same property to different buyer clients, represent sellers as well as buyers, or provide assistance to a seller or a buyer who is not a client by performing ministerial acts that are not inconsistent with the Broker’s duties to the Client.

Seller representation occurs when sellers contract to use the services of their own Broker (known as a seller representative) to act on their behalf. Sellers may engage a Broker who provides standard services (§54.1-2131) or limited services (§54.1-2138.1). Your REALTOR® can provide you with more information about those options.

Buyer representation occurs when buyers contract to use the services of their own Broker (known as a buyer representative) to act on their behalf. Purchasers may engage a Broker who provides standard services (§54.1-2132) or limited services (§54.1-2138.1). Your REALTOR® can provide you with more information about those options.

Dual representation occurs when a buyer and seller in one transaction are represented by the same Broker and the same sales associate. When the parties agree to dual representation, the ability of the Broker and the sales associate to represent either party fully and exclusively is limited. The confidentiality of all information of all clients shall be maintained as above.

Designated representation occurs when a buyer and seller in one transaction are represented by different sales associates affiliated with the same Broker. Each of these sales associates, known as a designated representative, represents fully the interests of a different client in the same transaction. Designated representatives are not dual representatives if each represents only the

buyer or only the seller in a specific real estate transaction. Except for disclosure of confidential information to the Broker, each designated representative is bound by the confidentiality requirements as above. The Broker remains a dual representative.

oNEST REAL ESTATE®

WIRE FRAUD ALERT ACKNOWLEDGMENT

The Federal Trade Commission and the National Association of REALTORS® have issued a joint warning about cyber threats to settlement funds. Electronic communications such as email, text messages, and social media messaging are neither secure nor confidential. Scammers have been using these channels to rob home buyers and sellers of funds required for closing, sales proceeds, and personal information. Emails attempting to induce fraudulent wire transfers may appear to come from a trusted source. As this practice becomes increasingly common, it is essential that all parties involved in real estate transactions are aware of the risks and are vigilant in protecting themselves.

oNest Real Estate®, its agents, and any affiliated entities will NEVER ask you in an email or other electronic message to move money by wire or other funds transfer without first discussing it with you. If you ever receive such an email/electronic message—even if previously discussed or if it appears to be from a representative of oNest Real Estate® or any affiliated entity—call your agent or the representative immediately to confirm the specific correct wiring instructions. When calling, use contact information independent from that provided in the communication.

Conversely, oNest Real Estate® and any affiliated entities will never wire funds to you without directly verifying your designated wiring instructions.

Acknowledgment:

I acknowledge that I have been warned about the potential for cyber/wire fraud. When sending funds electronically, I will not rely exclusively on an email, fax, text, or other electronic communication as to instructions for the delivery of funds. I understand the importance of verifying all communication through secure and verified channels.

oNEST REAL ESTATE®

AFFILIATED BUSINESS DISCLOSURE STATEMENT

To:

From: oNest Real Estate®

Date:

This is to give you notice that oNest Real Estate® has business relationships with the Mortgage Loan Officer and the Contractor and the Contractor listed below:

Suresh Sapkota, a Mortgage Loan Originator employed with CrossCountry Mortgage, and the owner of Esteam Builder LLC, is also an agent with oNest Real Estate®.

Because of this relationship, referrals made to Suresh Sapkota for mortgage lending services may provide oNest Real Estate® and Suresh Sapkota with a financial or other benefit.

Please read this notice carefully:

1. **Referral of Business:** You are not required to use Suresh Sapkota as your Mortgage Loan Originator or CrossCountry Mortgage for your mortgage lending needs as a condition of your purchase, sale, or rental of any real estate.
2. **Freedom of Choice:** You are free to shop around to determine that you are receiving the best services and the best rate for these services.
3. **No Increased Costs:** Your use of Suresh Sapkota or CrossCountry Mortgage for mortgage lending services will not increase the cost of those services.
4. **Disclosure of Relationship:** oNest Real Estate® is providing this disclosure to you to ensure transparency and compliance with federal law.

ACKNOWLEDGMENT

I/We have read this disclosure form and understand that oNest Real Estate® is referring me/us to a Mortgage Loan Originator who is also an agent with oNest Real Estate®. If I/We choose to use the services of this Mortgage Loan Originator, oNest Real Estate® may receive a financial or other benefit as a result of this referral. I/We understand that NO obligation or commitment is created by signing this form and, by signing, I/We are merely acknowledging receipt of this Disclosure, nothing more.

oNEST REAL ESTATE®

MARKETING SERVICES AGREEMENT DISCLOSURE

oNest Real Estate® has entered into a joint marketing services agreement with **Ray One Title, Houze Title**, professional third-party title service providers. These title service providers and Loan Officers are afforded certain marketing opportunities to, and reciprocal services by oNest Real Estate®, including but not limited to: distribution of marketing materials, display of signage in offices and on websites & newsletters, presentations and sponsorships of seminars and educational programs for the public and for oNest Real Estate®'s agents, and other activities designed to promote these vendors and the value of their title services to existing and potential clients. This relationship with Ray One Title and Houze Title results in compensation to oNest Real Estate®, however, there is no direct financial benefit based on individual transactions, policies issued, or services rendered. None of the principals or agents of oNest Real Estate® has any ownership interest in Ray One Title or Houze Title. The business relationship is limited to joint marketing services agreements.

No part of your working relationship with oNest Real Estate® requires you to engage the services of or obtain title services from Ray One Title or Houze Title. You are encouraged to compare the services and product offerings of other title service companies to determine that you are receiving the best title service, rate, and/or customer experience.

ACKNOWLEDGEMENT

Note: If you are a Buyer or Seller in a transaction with oNest Real Estate®, and you are represented by another Brokerage firm, this is only a disclosure and no signature is requested or required.

oNest Real Estate® (oNest) Clients/Customers:

I have read this disclosure form and understand that oNest is referring me to one or more of their Marketing Services Agreement Partners (Title Service Company). If I choose to use such title services, oNest may receive a financial or other benefit as a result of this referral. I understand that NO obligation or commitment is created by signing this form and, by signing, I am merely acknowledging receipt of this Disclosure, nothing more.

BROKERAGE SERVICE FEE DISCLOSURE

At oNest Real Estate®, we implement a standard Brokerage Service Fee of \$395.00 at the closing of each transaction. This applies to all transactions, whether involving a represented client or an unrepresented individual. It's important to note that this fee is independent of agency representation; it is a fixed charge for the essential brokerage services we provide.

This fee is essential in offsetting the costs associated with the modern demands of real estate transactions. Today's real estate environment requires advanced technology and heightened security measures to manage the extensive documentation and sensitive information involved in each transaction. A typical real estate deal now encompasses interactions with numerous parties, involves a variety of professional services, and generates a significant volume of paperwork, much of which contains confidential information crucial to protecting our clients.

Our commitment to offering professional, comprehensive real estate brokerage services at competitive terms remains unwavering. oNest Real Estate® was founded with the vision of delivering unmatched quality and value in the real estate market, a commitment we uphold with each client we serve.

Please understand that the Brokerage Service Fee is a fixed, non-negotiable charge, essential for the continuation of our high-quality services. By signing below, you agree to this fee, which will be due at the time of settlement. It is also important to note that this fee is for the company's services and is not received by individual oNest Real Estate® agents.

We appreciate your business and your continued referrals.

☐ Seller Client ☐ Buyer Client Address: _____

WHAT IS BRIGHT MLS?

Bright runs the largest, most accurate, up-to-date database of properties for sale and rent in the area, creating an open, transparent market for information about available homes. Most websites and apps get their information from Bright's multiple listing service (MLS). For more information, go to www.brightmls.com/open.

HOW DOES BRIGHT WORK?

Impartial Cooperation Among Agents and Brokers. Bright supports an open, transparent market for property information by requiring subscribers (licensed agents and brokers) to cooperatively share information about all available properties and make them available to subscribers in the area on an impartial basis.

Open, Transparent Access to Information. You and your broker decide on the information, pictures, and price submitted to Bright for your home. Bright checks it for accuracy, enhances it with historical records, and shares it (for free) with 100,000+ brokers/agents and thousands of sites and apps. Bright charges you nothing; subscribers pay a flat subscription fee.

What do I need to know about broker fees?

What your broker may earn, and what you may pay, must be agreed in a contract by the time you (seller/landlord) sign a listing agreement, or you (buyer/tenant) are taken on a home tour. ***Those amounts are not set by law, trade association, or Bright; they are fully negotiable.***

Subscribers must work impartially with their clients and other subscribers, in their client's best interest, regardless of any financial arrangement with another broker, which may not be communicated using Bright's system and must be disclosed in writing to their client.

A buyer/tenant may ask in a purchase offer for a seller/landlord to cover closing costs, including broker fees. If you are a seller/landlord, you may choose to agree to cover a buyer's closing costs or service provider fees (e.g., title, broker or lawyer fees), or provide other concessions.

Client Initials to Acknowledge Understanding the Above: _____

As the seller/landlord, how will my broker use Bright to market my home?

1: When will your broker allow potential buyers/renters to learn about the property? ____ / ____ / ____ (date)
Subscribers must submit information to Bright about every property with an exclusive listing within two days of allowing any potential buyers (or renters) to learn about the property.

2: How will your broker use Bright? (Initial one applicable option)

2-A. Use Bright to share my home's information with the open market (Internet: Yes)

Bright will share the property's information with other subscribers and popular websites/apps. You and your broker still manage access to the home (use option 2-C if tours/showings/open houses are not yet available when information must be submitted to Bright).

2-B. Use Bright to share my home's information with real estate professionals in Bright's MLS only, and do not publicly market my home on the Internet (Internet: No)

Your broker may select not to have your property's information shared with websites/apps. You and your broker still manage access to the home (use option 2-C if tours/showings/open houses are not yet available when information must be submitted to Bright).

2-C. My home is ready for marketing, but will be ready for showings beginning on ____ / ____ / ____ (date)

The property will be "Coming Soon" in Bright until ready for home tours/showings/open houses, and then "Active" once any of those begin. *If option 2-C is selected, also circle one: Internet: Yes / No*

2-D. I do not want my home on the open market: Restrict marketing only to my broker's network.

Studies show that homes publicly marketed through Bright's MLS typically sell for significantly more than homes marketed as "off MLS," "off market," "private" or "exclusive." And most homes that start with restricted marketing find a buyer only once marketed through the MLS to the open market. If you want to instruct your broker to restrict marketing, then you must sign Bright's separate Limited Marketing/Office Exclusive form because this limits people's access to information.

Bright subscribers complete this form with each client no later than signing a representation agreement.

If you reconsider any selection, update this form with your broker. Maintain a copy for your records.
